The weather has improved and the turnout for Sat. and Sunday bowling has greatly improved - remember the start time for Sunday is 2:00 p.m.

Letter from the editor,

This newsletter is coming from Pristina in Kosovo. Technology is amazing and it has been through the Internet that I have been able to continue doing the newsletter even though I am many miles and an ocean away from sunny California.

I am adding some pictures of the winter around Kosovo for you to see. One is the view from our apartment after two feet of snow fell last week and the other is from a restaurant in the country we went to. We have had snow on the ground for most of the month of January. It has been a very cold winter! Some nights have been as low as 6 or 7 degrees F.

I will be back to California on Jan 31st and hope that spring will be in the air when I return to Pristina at the end of February.

I thought some of you might like to see what sort of work Martin is doing here in Kosovo. He is involved in a project that USAID is funding to develop their agriculture. Check out this video by someone who has been working with the farmers here through the project. It will give you some interesting information about Kosovo and its developing agriculture.

I'll see you very soon after you read this letter. Martin will be returning in the summer when he retires- again.
